Mr. and Mrs. Henry Robinson, Owners of
House Church Has Occupied, Vanished—
Property is Still in Name of Mrs. Robinson
it is Said—Police Say Parks Confessed

(By The Associated Press)
CHICAGO, Sept. 12.—Leon Parks, named today by Harvey W. Church as an accomplice in the murders of Bernard Daugherty and Carl Ausmus, tonight confessed his implication in the crimes, according to the police. Another man whose identity was not disclosed, has also been named by Church as an accomplice.

In Parks' alleged confession as given out by the police, he said that he was in the house when Church entered with Daugherty.

His statement as given out by the police follows in part: "Church held up Daugherty with a pistol. I had been hiding and when his hands were up came out and Church kept him covered while I put the handcuffs on his wrists. Then we forced him to walk down stairs into the basement, Church going ahead. As he reached the bottom of the stairs I hit him with a baseball bat and he fell down. He struggled and we both beat him. Then Church cut his throat. We did the same thing with Ausmus who had been waiting outside in the car and who came in to find out what was detaining Daugherty."

The statement as given out did not mention the name of the third man said to have been implicated and the police refused to discuss his part in the tragedy.

Parks was said to have declared that the plan of those who did the slaying was to obtain possession of the car and later sell it and divide the proceeds.

SALE OF TRUST CERTIFICATES IS ANNOUNCED

Kuhn, Loeb & Co.
Purchase \$7,500,-
000 Worth

(By The Associated Press)
WASHINGTON, Sept. 12.—Sale at par and accrued interest of \$7,500,000 par value of railroad equipment trust certificates held by the government with the approval of President Harding was announced today by Director General of Railroads Davis. The certificates were bought by Kuhn, Loeb & Co., of New York, thru the war finance corporation which handled the sale for the railroad administration. The equipment trust certificates the corporation said, bear interest at six per cent per annum and mature serially from 1928 to 1932, inclusive. The securities sold were in equal amounts of \$1,500,000 of the following railroad companies:

Aetna, Toledo & Santa Fe; Chicago, Burlington & Quincy; Norfolk & Western, Central Railroad Company of New Jersey, and Southern Pacific.

Sale of these certificates it was explained at the treasury was the first of a series, as the administration is planning to market blocks of as many of the \$350,000 worth of car trust certificates held by the government as can be disposed of at par.

Proceeds to Railroads.

Sales realized from the transactions would be turned over to the railroad administration for the benefit of the railroads. This method of raising the money for railroad relief high treasury officials declared, would lessen the amount the war finance corporation would be called upon to supply, if congress passes the railroad funding bill by a sum equivalent to that received from sales of car trust certificates and at the same time would permit the settlement of railroad claims to continue pending congressional action.

HISTORY CLASS WILL MEET
The history class will meet Wednesday afternoon at 2:30 with Mrs. A. R. Gregory. Mrs. E. P. Brockhouse will be the leader.

FOUR PROVISIONS ARE GIVEN O. K. BY COMMITTEE

Vote Today on Date
of Repeal of Excess
Profits Tax

(By The Associated Press)
WASHINGTON, Sept. 12.—Two of the four major provisions of the house bill were approved today by the senate finance committee. One fixes the maximum income surtax rate at 32 per cent as compared with the present 65 per cent and the other increases by \$500 the exemption allowed to heads of families having net incomes of \$5,000 or less and by \$200 the exemption allowed on account of each dependent.

Chairman Penrose announced that the committee would vote tomorrow on the effective date of the repeal of the excess profits tax. Even those senators favoring Secretary Mellon's proposal to make the repeal retroactive to last January 1 were of the opinion that the committee would accept the house provisions for the repeal as of next January 1.

Should the house date be approved, it was said the committee probably would approve repeal of all of the transportation tax as of next January 1 and most of the other tax repeals provided for in the house bill. Secretary Mellon's proposal for retention of the transportation levies next year at one-half the present rates and the restoration of a tax on cosmetics, perfumery and proprietary medicines were predicated upon retroactive repeal of the profit tax.

In voting to reject Secretary Mellon's proposal that the maximum income surtax be reduced to 25 per cent, the committee took under consideration a treasury plan to reduce the rate in each of the income tax surtax brackets by one per cent, so as to lighten the taxes on those having incomes of less than \$65,000 a year as well as those whose incomes exceed that amount.

Several New Proposals
Several new tax proposals are to be presented to the committee, but Chairman Penrose said it had been decided to have a final vote on the bill next Friday so as to give the draftsmen and experts time in which to put the measure in shape for presentation to the senate when congress reconvenes on Sept. 21.

BISHOP NICHOLSON BEGINS
ANOTHER CONFERENCE
Bishop Thomas Nicholson, who presided during the session of the Methodist conference here, left last night for Abington. The central Illinois conference will convene there Wednesday morning and Bishop Nicholson will preside.

A bishop has most exacting duties in conference affairs, as there are many things to be taken into consideration in disposing of appointments. The people of the churches must be properly cared for and at the same time the bishop must keep in mind the welfare of the ministers and their families. In families where there are children of school age, the effort of the bishop is to assign the pastor to a city or town where the school facilities are adequate.

WILL ORGANIZE HOME
SERVICE COMMITTEE
Miss Catherine G. Foran, executive secretary of the Red Cross here, is in Waverly today organizing a Home Service committee.

The Home Service branch of the Red Cross has accomplished a large amount of real results here in the county and has a great deal of work on its hands. In order that this work may be carried on with more ease and efficiency, Miss Foran has organized this branch committee in Waverly, which will greatly facilitate matters in this work.

WILL MEET WEDNESDAY.
The Pastors' Aid society of the Grace M. E. church will have their first meeting of the new conference year in connection with the Woman's Foreign Missionary society at the home of Mrs. Fred Rowe, Wednesday afternoon.

FATTY ARBUCKLE BECOMES CHIEF ACTOR IN TRAGEDY

Famous Comedian in
Role New to American People

(By The Associated Press)
SAN FRANCISCO, Sept. 12.—Roscoe (Fatty) Arbuckle, who was the defendant in a police court murder arraignment this morning as dramatic as any motion picture, spent the afternoon at a coroner's inquest into the death of Miss Virginia Rappe, a film actress whose life he is charged with having taken.

Tonight he went back to his cell to await the outcome of a grand jury investigation in which Mrs. Bambina Maud Delmont, a member of the party in Arbuckle's hotel suite a week ago, from which the death of Miss Rappe ensued, was expected to be the leading witness. She did not testify at the opening session of the inquest, the district attorney saying that her appearance today previous to the grand jury session, would handicap the authorities.

Altho his part in the affair was the center point of interest, he himself was the most unnoticed figure at the inquest, a sharp contrast to the arraignment of the San Francisco widow of John D. Spreckels, Jr., who was called to the hospital last Friday morning, a few hours before the end. "To think that I have led such a quiet life and that I should have gotten into such a party," were among her last words. Mrs. Spreckels said in a formal statement to District Attorney Matthew A. Brady.

The party in Arbuckle's rooms appeared as the event from which Miss Rappe's death followed, but the physicians were unable to say at the inquest what was the exact cause, whether from injuries or from illness due to excessive use of liquor.

Harry L. Boyle, assistant manager of the hotel, testified at the inquest that when called by Mrs. Delmont to Arbuckle's suite, he found Mrs. Delmont and Al Semlin, who were said to have accompanied Miss Rappe to San Francisco from Los Angeles, sitting on the edge of a bed where Miss Rappe lay moaning and unconscious.

Arbuckle himself picked up Miss Rappe and carried her down the hotel corridor to another room where she stayed until being taken to the hospital three days later, according to Boyle's testimony. At the door of this room, however, the film comedian's strength gave out, Boyle said, and Boyle had to complete the journey.

Boyle testified that Arbuckle and another member of the party told him Miss Rappe only had three drinks.

Too much liquor was the diagnosis given by Dr. Oliva Kaarboe, the first physician called in, according to Kaarboe's own statement. At that time there was no evidence of serious injury, he said.

Dr. W. E. Rumwell said he was called into the case to succeed the second physician, Dr. Arthur Beardslee. He said Miss Rappe's condition did not seem serious until Thursday of last week, when a consultation was held. Dr. Rumwell said there was nothing to indicate she had suffered from any violence until the postmortem examination when he said evidence of internal injury was found.

At that point Dr. Rumwell made up his mind, he said, that this was a case which should be investigated by the coroner and was about to inform the authorities when a deputy coroner appeared at the hospital. Dr. William Ophuls, called into the case to perform the postmortem operation, described the internal injuries, but said he could not say definitely what caused them.

INJURED IN
AUTO ACCIDENT
L. L. Burton and family and Herbert Summers and Miss Iva Sheppard were all slightly injured when the car in which they were riding was struck by a Cadillac belonging to Fred Beckman. The accident occurred near the New Berlin Cross road and is a wonder that the party was not killed or at least severely injured. They were all thrown under the Crow-Pilbert machine, belonging to Mr. Burton, but only sustained severe injuries. The machine, however, was totally wrecked.

MANY HOMES WERE WASHED AWAY IN SAN ANTONIO FLOOD

Newspapermen Place Number
at 150 Along
Alazen Creek

(By The Associated Press)
SAN ANTONIO, Texas, Sept. 12.—The number of houses swept away or damaged seriously on Alazen Creek in Saturday's flood was placed at 145 by newspapermen who made a count along the creek today.

It is estimated that probably fifty more dwellings were carried away or damaged beyond repair along the San Antonio river, San Pedro and Martinez Creek. Many of the structures, especially along Alazen Creek, were small and poorly built.

The known death list remained at forty-nine tonight. Most of the dead have been buried. One family of seven was buried in one grave. When more than one member of a family was drowned, one grave frequently was used.

Consider Financial Aid.
Various civic organizations this afternoon began consideration of plans for lending financial assistance to business men who lost heavily in the flood and who may need help in re-establishing their businesses.

Appointment of an adjustment committee composed of representatives of a number of organizations was decided upon. It will meet with a committee of the chamber of commerce and determine what will be needed in the way of credit in obtaining new stocks and remodeling of buildings and fixtures.

Estimates that about \$1,000,000 worth of dry goods could be salvaged if cleaned within the next twenty-four hours were made this evening. The facilities of the army laundry at Camp Travis were offered by Major General John L. Hinds, and probably will be used. It has a capacity greater than all the San Antonio laundries combined.

Offers of financial or other assistance were received by city officials today from about forty cities in various parts of the country. All were declined with thanks.

WANT HEAVY HAULING KEPT FROM PAVEMENTS

City Avenue, Property Owners
Presented Petition to City Council—Committee Named to Interview Team Owners.

Monday night's session of the city council was brief. The roll call showed Mayor Crabtree, City Clerk Scott, Aldermen Rowe, Ehline, Longman, Flynn and McGinnis present.

After a petition had been read from property owners living in Blocks 10 and 11 on South Clay avenue, protesting against the hauling of coal over the tarvia pavement adjoining their properties, a committee was appointed to interview coal dealers with the hope of routing coal so that it may be kept off the asphalt and tarvia pavements. This committee includes Aldermen Longman, Ehline and Flynn and the aldermen will look up ordinance provisions and find out if wagon tires now used in heavy haulage comply with requirements.

The petition came at this time because teamsters hauling coal to Jacksonville state hospital have been using South Clay avenue as the route to the hospital and the pavement is showing the effect of the heavy haulage. The petition was signed by O. I. Milburn, Mrs. Withee, William Raedner, John Longman, J. M. Doyle, George E. Belzer, Mary W. Slater, E. G. Sibley, F. L. Gregory for the Gregory estate, J. A. Dickens, Margaret M. Harney, Rex Britten, F. J. Zourn, J. L. Dunniway, C. E. Grady, M. M. Cordes, William McNamara, J. T. Moxon, E. F. Mitchell and Pearl Whewell.

Mr. Milburn, Mr. Longman and Mr. Moxon were present to speak to the council with reference to the petition.

Alderman Ehline reported to the council that an ordinance is being prepared which will cover the sale and distribution of milk.

Alderman McGinnis asked that something be done to bring about the completion of certain walks on Sherman street and Alderman Flynn called attention to the need of sidewalks on Hooker street near Independence avenue. Matters of minor business were discussed and the council then adjourned.

CHARIVARI GIVEN
NEWLYWEDS
A charivari was given last night at the residence of Mr. and Mrs. Spencer Carpenter in honor of Mr. and Mrs. O. T. Carpenter, who were recently married. About seventy people were present and delicious refreshments were served in the evening.

Miss Sarah Harris of Pasadena, California, is a guest at the home of Mr. and Mrs. F. H. Rowe, on West State street.

METHODISTS GO ON RECORD FOR DISARMAMENT

Pass Resolution Calling
for Abolish-
ment of War

(By The Associated Press)
LONDON, Sept. 12.—The world's Methodist conference this afternoon adopted a strongly worded resolution calling for international disarmament and the complete abolishment of war. This action was taken after a spirited controversy over the question as to whether mention should be made in the resolution of the league of nations.

The conference finally decided to adopt a resolution which did not mention the league and to ask the business committee to frame a separate resolution dealing with the league, which will be voted on later.

The resolution adopted says that the conference, "speaking in the name and on behalf of 32,000,000 followers of the Christian faith, declares without hesitation or reservation its belief in the absolute necessity for international disarmament and the complete abolition of war."

"Sitting in the shadow of the most terrible conflict in human history with its unparalleled wastage in human life and property, and with its inevitable aftermath of human sorrow and its burden of woe, we declare war an unmitigated curse to humanity," the resolution continues.

War Is Not a Necessity.
"On behalf of millions of youths who suffered and died on behalf of millions of homes broken by bereavement, in the name of the silent multitudes who still suffer, we insist that our statesmen and leaders find a way for the settlement of international differences by other than arbitrary means. We repudiate the doctrine that war is a necessity. Justice, not force must be the final arbiter of right. Differences must be settled by reason, not by human slaughter."

Immediately after the reading of the resolution Judge Charles E. Ames of the Methodist Episcopal Church, South, who was an assistant attorney general during the administration of President Wilson protested that it specially endorsed the approaching conference on limitation of armaments but not the league of nations.

"As a citizen of the United States, and the lover of peace and my country," said Judge Ames, "I want to say that our government is setting up a competitive body to the league of nations. The disarmament conference may do more harm than good. It is my profound conviction that the people of the United States favor our entry into the league of nations."

STATE ALIEN POLL TAX LAW DECLARED UNCONSTITUTIONAL

California Supreme Court So Declares Law
Adopted by People of That State in 1920

—Decision Says Government is Supreme
in Treaty Making—No Discrimination

(By The Associated Press)
SAN FRANCISCO, Sept. 12.—The state alien poll tax law was declared unconstitutional today by the state supreme court in an unanimous decision which held that the measure was in violation of the fourteenth amendment to the United States constitution and to the treaty between the United States and Japan.

The decision ordered the dismissal of Heikichi Terui, an Oakland Japanese resident, and Guillermo D. Kotta, a Mexican resident of San Francisco, who were arrested to test the law. In the decision the court held that as far as Kotta is concerned the law was in violation of the fourteenth amendment of the United States constitution which provides that there shall be no discrimination in taxing residents of the United States. Touching on the case of the Japanese it said:

"In view of the provisions of the existing treaty between the United States and Japan, the alien poll tax is ineffective for any purpose with relation to any citizen of Japan."

Adopted in 1920.
The law, a state constitutional amendment, was accepted by the people in the general election of November, 1920. It imposed an annual poll tax of \$10 on all alien male residents of the state between the ages of 21 and 60. The decision held that the contention of the state that the government exceeded its authority in directing through the treaty that aliens cannot be discriminated against has no justifiable basis.

"But that the treaty making power includes such matters as the ones covered by the provisions here involved and cannot be seriously questioned," the court held.

The powers of the government are delegated by the states, the decision held, but in treaty making the government is supreme. Argument on the law was heard before the court on September 6.

Postmaster General Hayes has made an order which will mean that magazines which have for a year or two past been moved by freight may again get into the mails. It has been found that freight charges are now so high that little or no saving is effected by the freight method plan. The magazine publishers and their subscribers will both be pleased with this sensible order.

In one Illinois farm community the women devised the plan of serving meals to threshing workers in the church social room. The plan was worked out of serving all the threshing "gangs" in the radius of several miles, as they were able to travel to the church in cars and lost no time. In this way the men had an enjoyable hour together and the women were saved much of the great labor which usually attends providing meals for harvest workers. This at least was a successful bit of co-operative effort.

SAVE THE STREET PAVEMENTS

A number of citizens have joined in a petition to the city council asking that something be done to stop coal hauling over the street pavement adjoining their property and the resulting damage. In this case the damage complained of is happening because the coal is hauled to Jacksonville State hospital.

The citizens are justified in making complaint because it is easy with continuous heavy hauling to do damage to pavements made from certain materials. The difficulty that faces the citizens

is that property owners on other streets have an equal right to objections and probably would make them if Clay avenue were created into a boulevard and heavy hauling to the state hospital ordered routed some other way.

The proper solution of this question is to haul the coal to the state institutions and to the plant of the Railway and Light company on the tracks of the street railway company, either by way of South Jacksonville or thru connection on Illinois avenue.

SOME TANGIBLE RESULTS

The Iowa Farm Bureau Federation is securing tangible results, according to Wallace's Farmer, J. G. Mitchell, the Farm Bureau attorney, by his showing before the state executive council last month, was able to add approximately \$1,000,000 in annual taxes to the railroads and public utilities. A reduction of over \$100,000,000 in taxable value of live stock was also secured. This showing made by the Farm Bureau Federation means a tax saving of at least 4 to the average Iowa farm owner, and the total cost to the Farm Bureau of making the showing before the executive council was less than \$1,000. It pays to have trained Farm Bureau experts constantly on the job to fight the trained representatives of the corporate interests in their naturally one-sided presentation of the facts.

THE NEW REVENUE LAW

Income taxes to be fair should be levied on real profits not on prospective profits. It should not be levied on bookkeeping profits in the form of building, machinery, inventories, stock on hand, whether of goods or of harvests or of material. These are unrealized profits and are not real profits until they have been sold. They may then prove to be losses instead of profits and certainly should not be taxed as profits in advance.

The new revenue law, if it is scientifically framed, will only tax actually realized profits; otherwise it will be tantamount to a confiscation of the individual's property instead of a tax upon his actual income.

The Department of the Interior announces none but ex-service men will be permitted to make filings until 60 days after the opening. If at the end of 60 days, any land remains unclaimed others will be permitted to make filings.

Mr. Shelton's death occurred in Chandlerville August 3, 1902.

They were the parents of three children, LaVern, wife of Arthur King of Chandlerville; Lauren, residing at home, and Leonard of Jacksonville.

During the winter of 1885 she heard the call of the Master and was converted in a meeting at the Youngblood Baptist church, conducted by Elders William P. Hart and B. F. Drake. She united with that congregation, and continuing her fellowship with that church until death. She was 62 years, 1 month and 17 days of age.

Following the death of her husband and the marriage of her daughter in Chandlerville, she with her son moved back to Morgan county where she had since resided. She was indeed a good and faithful mother, and her children rise up and call her blessed.

She leaves to mourn her departure her children, and son-in-law; daughter-in-law; three grandchildren, Florence and Edna May King and Wayne Augustus Shelton; one brother, James Fanning of Waverly, Kan., two sisters, Mrs. Mary Jane Entrikin of Murrayville and Mrs. Nancy Clausen of Scottville, besides numerous friends and other relatives.

But after four years doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments, I was said to possess, I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all and more than is claimed for it." STORY OF MEXICO MAKES STRONG APPEAL

Bishop Thirkield Heard By Large Audience at Centenary Church—Is an Authority on Latin-American Conditions.

"Mexico next in neighborhood, let us make first in brotherhood," was the message of Bishop Thirkield in the closing address of the Illinois Methodist conference at Centenary church Sunday evening. Before an audience that left hardly standing room in the entire church, this bishop from the Latin-America area, who has devoted thirty-seven years of his life to the adjustment of race relations, delivered probably the most important address on the conference program.

Bishop Thirkield has had as much, if not more experience than any other present day leader of the Methodist Episcopal church in dealing with the great problems arising in connection with the forward looking policy of his denomination. As a speaker on a theme, which he wishes to bring home to his audience, he is one of the most forceful and convincing before the American public.

The motto which Bishop Thirkield holds with regard to the southern republic is: "Mexico, next in neighborhood, should be first in brotherhood." He states: "What is needed is a clear understanding between the peoples of the two countries as a basis for relations of peace and co-operation. I am glad to conceive my work not in the terms of narrow ecclesiasticism, but hope, rather, to be a Christian ambassador of peace and good will between these nations."

Bishop Thirkield said in part: "Mexico is so near that we have overlooked it. I believe our people pray more for the people across the seas than they do for the fifteen millions in the republic which is separated from us by only an imaginary line twelve hundred miles in length. In Mexico 80 per cent of the people are illiterate; fully one fifth of them have never heard the name of God; eight millions live in absolute squalor and wretchedness. Toward bleeding and wounded Mexico we have not only been like the priest passing by on the other side; but we have been like the Levite, looking on her in her need and refusing to help."

"The problem of Mexico is a problem of land. Seven thousand families own practically all of the land, and the majority of the people have been reduced to a state of peonage. They live in miserable mud huts, sometimes with the family and their animal belongings crowded into a single room.

"Latin America was settled by the Spaniards, who came to its shores to seek gold; but the United States was settled by the Pilgrims, who came to its shores to seek God. Mexico has been described as a beggar sitting on a bag of gold. The Spaniards grabbed the bag and left the beggar to suffer.

Diaz Forgot the Peons.
"President Diaz might have gone down in history as one of the greatest rulers of the times. But he opened the country's coffers to the exploiters of wealth; he forgot the peon, and the last ten years of revolution was the result. The people now think they have won in President Obregon, who is ruling in their favor. He has promised to distribute the land, so that the peons can get a start. In line with the social service program of our church in Mexico, I am starting schools of farm instruction for the peons. Obregon has approved our program, which I laid before him in

an interview.
"I like your plan, Bishop," he said. "It is just what the people need. I am back of you and your work, and my government will co-operate with you."

"Everywhere our work is well received. We are welcomed by the highest officials and shown every courtesy. The evangelical movement in Mexico and thruout Latin America is in favor with both government and people."

Mexico Is Our Edom.
"Why should we help Mexico? Why should we bind up her bleeding wounds, stop the exploiting of her wealth, and endeavor to aid in the restoration to her people the rich resources in the midst of which God has placed them? More than 1,500,000 Mexicans have already spilled over the border. El Paso is 55 per cent Mexican. If we let this people continue in a low life, in sin and licentiousness, if we do not try to raise Mexico from her degradation, Mexico will drag us down. Mexico is our Edom. The country which continued in heathenism on the borders of Israel, and whose people intermarried with the Jews finally made Israel to sin. So will Mexico do to us."

Present Day Needs.
In discussing the present day needs of Mexico, Bishop Thirkield said: "There is a call for religious social centers that shall reach the desolate homes and empty, hungry lives of the people through dispensaries, hospitals, day nurseries, playgrounds and reading rooms. 'Thy Kingdom come on earth,' said the Master. Another need is the establishment, in several states, at strategic centers of farm schools for peons. The land problem is fundamental."

"A still further need," says Bishop Thirkield, "is a foundation on the same general basis as the Jeames foundation, that has transformed in a quarter of a century the common school system among a backward people in the southern states. Unless the schools are re-inforced and the people through some such program of service are awakened to a sense of their educational needs the future of Mexico is far from hopeful."

Mrs. Frank Coultas, who has been the guest of Miss Frances Alkire, has returned to her home in Virden.

Daily Market Report

STOCK EXCHANGE HAD SHARP SETBACK IN IRREGULAR SESSION

By Associated Press.
NEW YORK, Sept. 12.—The reactionary course of today's stock market seemed to be governed by sentimental and technical considerations. Irregular reversals accompanied the forenoon's trading, but readers made up much of their loss later only to fall back again in the final hour.

Shorts evidently were disposed to resume their recent operations on the heavy decrease of August tonnage reported by United States Steel at the close of Saturday's session and the further demoralization evidenced by German and other exchanges.

Another turbulent session in the cotton market and some reduction of available cal and time funds also figured in the unstable but fairly extensive dealings, sales approximated 700,000 shares.

Last week's favorites of the oil, steel, equipment and motor groups notably Mexican Petroleum, Baldwin and American Locomotives, Bethlehem, Crucible and U. S. Steels and Studebaker, sustained net losses of one to three and a half points. Trading in bonds diminished from last week's activity and price changes were mostly upward.

This applied to liberty issues and most of the foreign war flotations but a few convertible made slight gains.

Total sales, par value \$10,775,000.

DEATH CAME SUDDENLY
TO WELL KNOWN CITIZEN

Frank P. Taylor Passed Away Sunday Night—Interment Will Be Made at Bellefontaine, Ohio.

The death of Frank P. Taylor took place at 10 o'clock Sunday night at his residence, 317 West State street following a brief illness. Mr. Taylor who had been a resident of Jacksonville for the past twenty years was well known here and throughout central Illinois and the news of his death will be heard with sincere sorrow.

The deceased had not been in robust health for more than a year past but his condition was not alarming until Sunday morning when he had an attack which resulted in unconsciousness for several hours. He seemed better in the afternoon but in the evening there was a change for the worse and the end came at the hour indicated.

Mr. Taylor was born September 20th, 1854, at West Liberty, Ohio, and so was 67 years of age. As a young man he became resident in St. Louis and was in business there for several years. Then he entered upon the work of a traveling salesman serving in that capacity for more than forty years. He was a representative of the United States Rubber company in the Illinois territory and had so long been with that concern that he was a familiar figure in the retail shoe stores of the larger cities of the state. The fine spirit of friendliness which marked his life was a real asset in his business and Mr. Taylor's customers became his firm friends.

Mr. Taylor was a member of the Masonic order, an Elk and also a member of the I. O. M. A. and U. C. T. and took an active interest in the welfare of these organizations. His church connection was with Grace M. E. church and his life thru the years expressed a profound respect of the teachings of Christianity. Those who knew Mr. Taylor best could not but be impressed with his unflinching optimism and the cheerfulness with which he faced the perplexities of life.

That spirit in him was an inspiration to many of his friends, men and women who knew him well and so were able to measure his worth.

Surviving are the widow, Mrs. Harriet Taylor, to whom he was married forty-three years ago in St. Louis; three sons, Ralph Pierce Taylor, Texarkana, Texas, Sprague Vance Taylor, St. Louis, and Harry Harmon Taylor, Chicago; also two grand children, Harriet and Lola, Belle Taylor, daughters of S. V. Taylor; a nephew, J. T. Taylor, of Pittsburgh, and a niece, Mrs. Bruce Carl, of Toledo, Ohio.

The remains were taken to the Reynolds Mortuary and the funeral service will be held at the Reynolds Chapel at 2 o'clock this afternoon. Later the funeral party will leave by way of St. Louis for Bellefontaine, Ohio, where interment will be made.

M. E. CONFERENCE HAS ENDED ITS SESSIONS

Appointments Made Late Monday Afternoon—Rev. D. V. Gowdy Goes to Virginia—Successor at Centenary Is Rev. C. D. Robertson—Sunday a Great Day.

The 38th session of the Illinois annual conference of the Methodist church adjourned at about 4:45 o'clock Monday afternoon. Next year's conference will be held at Decatur, invitation from that city having been accepted. The appointments were not announced until late in the afternoon. This was contrary to expectations, as the understanding was Sunday that the cabinet had reached an agreement on all matters of detail. However, Monday morning it became necessary to make several changes and this resulted in a delay of five or six hours in putting the final touches to the appointments.

The only change so far as Jacksonville is concerned is Centenary church, Rev. D. V. Gowdy having been transferred to the church at Virginia. The successor of Mr. Gowdy at Centenary church will be Rev. C. D. Robertson.

Sunday was an important day in the conference affairs. A love feast was held at 9:30 a. m. and at 10:45 Bishop Thomas Nicholson preached a sermon of remarkable power at Centenary church. At Grace church, Bishop Thirkield filled the pulpit and at night he made an address at Centenary church on "Conditions in Mexico." In the afternoon the ordination service of deacons and elders was held, together with consecration of deaconesses. At 3:30 the anniversary of the board of hospitals and homes was observed with an address by Dr. N. E. Davis. For the evening service, Rev. J. O. Kirkpatrick was the chairman. Following the address by the bishop, the audience adjourned to the gospel tent near Centenary church, where men from St. James church of Danville presented the drama, "The Healing Touch." An audience which filled the tent to overflowing was present.

Monday Morning Session. The Monday morning session of the conference was devoted to routine business, presentation of reports, adoption of resolutions and similar matters.

Previous to the assembling of the body, the Chamber of Commerce took a large number of the ministers a ride, especially thru Nichols park, which was inspected and much admired. The matter of a permanent home for the Epworth League convention, an invitation of the conference, was suggested and informally discussed.

Rev. L. G. Adams, attorney for Rev. F. H. Lathrop, who was expelled from the conference as already stated, offered a strong resolution, demanding that all ministers of their salaries live within their salaries, as debts of long standing and some not paid at all are very suggestive of the good work to be done. It was unanimously adopted.

Bishop Nicholson said one matter had caused an immense amount of trouble and worry in the cabinet meetings and that was the location of ministers in accordance with their ability and reasonable demands for a salary adequate to their needs. Also many had families to educate and there were no high schools at which there were no high schools at which the whole matter had caused much trouble.

He told of a German conference, not as large as this, which solved the question successfully. They appointed a special committee to see that no charge paid less than \$1,300 a year and parsonage, and they accomplished it, and he wished something of the kind might be done here. Quite an interesting bit of discussion regarding the case of Rev. J. W. Miller, at one time pastor of Grace M. E. church was had. The gentlemen had entered the service as chaplains during the world war and had done good work there but since had not returned to the conference, but at present was serving a community church at San Juan, Texas. It was also reported that he had been receiving \$3,000 a year and it was stated that now his salary was \$2,800 annually. As a matter of courtesy he was enrolled on the supernumerary list for another year to maintain his clerical standing.

Albert Wood was received from a Kansas conference and will serve as a supply.

Candidates Received. Five young men who had been serving as supply were recommended for trial membership in the conference. They were Messrs. George Baldwin, Ben H. Pinkston, F. R. Dolan, J. Ford and H. A. Cochrane. The gentlemen came forward and were received by the bishop with a cordial handshake greeting and presented to the conference.

Pr. R. B. Biles, Jas. G. Gross and John F. Long were introduced as undergraduates.

The plan of a school for undergraduates to be sustained by the central Illinois conference was suggested as wise, but no action was taken.

A number of churches have gone out of existence and the disposal of the property came up for consideration and orders or permission issued for the same.

Facts from the statistical report were given. There are in the conference 98,873 members. The treasurer gave his report, which dealt with a large number of matters. All the districts fell below last year in contributions. Hard times will explain. Springfield came up nearly with last year.

Dr. H. C. Gibbs, chairman of the claimants' fund, reported. The total investments of the body are \$411,404.

Rev. Chris Galeener of Carrollton, reported the serious and probably fatal illness of Brother A. D. Moon, was a resolution of sympathy was adopted. Rev. A. A. Smith made an impassioned

appeal in behalf of the Anti-Saloon league. A crisis is now on us. Too many have lapsed into a feeling of false security since the 13th amendment has been passed, but the forces of evil are vigorously at work. All states but Maine have let their temperance laws depend on the government to enforce the amendment. No liquor concerns have gone out of business but new ones are ready to start. Organizations to overthrow the 13th amendment are being brought into being and all the forces of evil can be being done.

Ministers should admit Anti-Saloon league representatives, not in hot summer time when many are away, but in a better time of the year. We must awake or whisky will triumph, he said.
